

KARIM ABO KAMEL

Flutter Developer

+201148779202 karimabokamel74@gmail.com Cairo, Egypt

github.com/KarimTamer74 linkedin.com/in/karim-tamer74

Professional Summary

Flutter Developer with hands-on experience building and shipping production-grade mobile applications using Clean Architecture, BLoC/Cubit, Firebase, and REST APIs. Published an app on Google Play and delivered a real-world freelance MVP within 2 weeks. Currently a Flutter Instructor at NTI, having trained 100+ engineers across 5 rounds in Cubit, REST APIs, and MVVM.

Skills

Mobile Development: Flutter | Dart

Architecture & State Management: BLoC / Cubit | MVVM Architecture | Clean Architecture | SOLID Principles

Backend & API Integration: RESTful API Integration | Firebase Authentication | Firestore | Supabase | Payment Integration

Databases & Local Storage: Sqflite | Hive | Shared Preferences | SQL

Notifications & Services: Local Notifications | Push Notifications | OneSignal | Google Maps Integration

DevOps & Development Tools: Git | GitHub | Fastlane (CI/CD) | Shorebird (OTA Updates) | Sentry

UI & Frontend Engineering: Responsive Design | App Localization

Core Programming Fundamentals: Object-Oriented Programming (OOP) | Data Structures | Clean Code

Professional Skills: Problem Solving | Communication | Team Collaboration | Time Management

Projects

Marsa App | In Development

Jul 2026 – Present

Flutter, Dart, Clean Architecture, Cubit, Dio, Shorebird, and Theming.

- Developed a vacation rental booking app with unit discovery, smart filtering, favorites management, and reservation tracking.
- Implemented a 4-step booking flow: date selection → booking summary → InstaPay/wallet payment with receipt upload → status tracking.
- Applied Clean Architecture, repository pattern, Cubit, secure token storage, centralized API error handling, responsive UI, and Shorebird OTA updates.

Quran Cuts App

Mar 2026 – Apr 2026

Flutter, Dart, MVVM, Cubit, FFmpeg, REST API, Hive, GetIt.

- Built an **on-device Quran Reel generator** using **FFmpeg** to combine Arabic Ayah text, reciter audio, and visual templates into 9:16 MP4 videos.
- Developed a 7-step creation flow (Surah → Ayah range → reciter → template → preview → export) with MVVM and Cubit.
- Optimized **mobile video processing** for 720p output with fast FFmpeg encoding and proper Arabic text wrapping on Android.

JobTasker App | Published on Google Play

Nov 2025 –Feb 2026

Flutter, Dart, MVVM, Cubit, Sqflite, OneSignal, Local Notifications, Sentry, Shorebird, and Localizations.

- Developed and shipped a productivity app for task and job-application tracking — live on Google Play with 100–500 downloads.
- Built offline-first architecture using SQLite with scheduled reminders and recurring notification support via Local Notifications.
- Integrated OneSignal (push), Sentry (crash monitoring), and Shorebird (OTA updates) for production-grade reliability.
- Designed CV tracking, job status monitoring, and Focus Mode features using Cubit + MVVM state management.

Bid Mart-App | Graduation Project

Dec 2024 – Jul 2025

Flutter, Dart, Clean Architecture, REST API, Firebase Cloud Messaging (FCM), and Payment Integration.

- Architected a real-time auction platform supporting live bidding, dynamic price updates, and seller-side product management.
- Integrated **secure payment flow** and **Firebase Cloud Messaging** (FCM) for bidding alerts and auction lifecycle updates.
- Applied **Clean Architecture** with modular components for maintainability and scalability.

Experience

National Telecommunication Institute (NTI)

Oct 2025 – Present

Flutter Instructor

- Delivered 90+ hours of hands-on Flutter training per round across 5 rounds at NTI Creativa Mansoura.
- Trained 100+ trainees through intensive hands-on Flutter training programs.
- Mentored trainees in building real-world Flutter applications using Cubit, REST APIs, and MVVM architecture.
- Focused on project-based learning, clean code practices, and scalable mobile app development.

Education

Tanta University

Sep 2020 – Jul 2025

Bachelor of Engineering in Computer Engineering

Tanta, Gharbia

Cumulative Grade: 85% (Excellent)
